Global WASH Cluster Deputy Coordinator:
Franck Bouvet - fbouvet@unicef.org

Global WASH Cluster 2016
Our service offer:
Surge and remote support, capacity building, training, coaching/mentoring, technical advice and support, assessments, preparedness.

The Field Support Team Purpose:
To provide timely, relevant and measurable support to coordination platforms as surge support during emergencies and equally for preparedness and capacity building at pre-emergency and transition phases through the deployment of Field Specialists. The FST supports coordination platforms at country level and is composed of the following:

- 4 Coordination Specialists
- 4 Information Management Officers
- An Assessment Specialist with readily available assessment teams
- 2 Preparedness Specialists

These specialists can deploy globally and will provide both remote and direct support to enhance the capacities of National WASH Cluster platforms.

Who can request FST support?
FST deployments can be requested by Cluster Lead or Co-lead agencies, or any other agency with a formal role in the sectoral coordination functions.

How to request FST support?
FST deployments are requested by filling in this form (http://tinyurl.com/jfv8sog).

For general questions or enquiries about deployments, please contact the Global WASH Cluster Coordinator or Deputy Coordinator (refer to the contact section).

Ease of Deployment
- No contracts need to be issued
- FST deployments are free of charge to the requestor
- Deployment possible within 72 hours (barring visa and security constraints)
- Deployment durations up to 12 weeks

Requestor’s responsibilities
- Agency is responsible for the security of FST personnel.
- Agency provides in-country logistics (ground travel, desk space, internet access, administrative support, etc.).
- Agency arranges living accommodation of FST personnel (but not payment of accommodation).
